With a 3 night option to add on beautiful Fraser Island...

The adventure...

We have taken numerous groups to beautiful Lady Elliot island. We can say that we are offering a stunning 6 day escape from civilization. We guarantee you amazing photo opportunities and the best tuition. This event suits any experience from beginners to advanced and non photographic partners love the ‘island life’.

LADY ELLIOT ISLAND – is one of the most photogenic nature locations on earth! We base ourselves at the islands resort. This is the perfect location to target - The Great Barrier Reef, thousands of nesting birds, sea turtles and much more. We shoot a very wide range of subjects from wildlife to macro and stunning creative images.

Workshops start at the basics and progress to unique techniques and digital skills. You have access to an international class tutor throughout the working day. Your tutor will target specific opportunities and allow quality time also for your questions and for you to enjoy and explore both islands. You do not need an under water camera. Reef shoes are supplied. You will be amazed at what you will shoot...

PLUS – Why not add a few nights shooting on nearby Fraser Island?
FRASER ISLAND – is the largest sand island in the world. It is incredible due to the diversity of environments and the nature available. This opens up a lot of photographic subjects to shoot.

Join us on this great ‘life experience’ photo adventure ...
NOTE: We suggest that you overnight in Hervey Bay the day before this mornings departure. Julia can book extra accommodation to suit. We depart early and fly across to beautiful Lady Elliot Island from Hervey Bay, Queensland. Your flights, Hervey Bay-Lady Elliot-Hervey Bay, are included in your package. The excitement is palatable on landing as the reef is so beautiful and the bird calls so numerous. The group is offered a base orientation and we are shown to your rooms. We book the best rooms on the island, with reef views! (Note that accommodation is base 2.5 stars. However, it is perfect for the location and comfort!) We include a workshop to cover basics and beyond, plus a short island walk. We include workshops during the week, to cover processing, creativity, landscapes, nature and people. Dinner tonight at the resort is part of your package. A great chance to talk about photography. (B,L,D)

Four full days of field workshops and hours of shooting opportunities. Some subjects you can shoot from your deck. Others you will need to be careful that you do not ‘walk on.’ We also offer free time to relax and explore. We say free time, but in fact this is time for you to shoot in your own personal space. It is very rewarding. Thousands of birds plus amazing reef shoots at low tide are followed by the chance to shoot turtles at night. Look out for orange hermit crabs, cute baby birds and beautiful sunrises and sunsets. Our last night includes a group audio visual and chance to look at everyone's favourite images. You will be amazed at the diversity of imagery! (B,L,D)

We depart in the morning for the mainland and to link up with your flights from Hervey Bay. Note that you can add more days to your island stay. Please talk to Julia when booking. (B)

Interested in more adventures? How about a book workshop? Ask Julia as we will base this on interest.

(B,L,D) - Confirms if Breakfast - Lunch - Dinner - are included that day. Itinerary and price is subject to change.
